

Armstrong Outreach Program

"An important part of our community since 1955"

WHAT IS ARMSTRONG OUTREACH?

The Armstrong Outreach Program is administrated by the Vernon and District Association for Community Living, a non-profit, community-based organization serving individuals with developmental disabilities. The Armstrong Outreach program is designed to enhance the health, self-esteem, and community inclusion of the participants it supports. Through hands-on skills development and participation in community activities, participants gain an increased level of independence and self-confidence.
